

201 Rep. John Lewis Way South
Nashville, Tennessee 37203
NashvilleMusicCityCenter.com
(615) 401-1400

The background of the entire page is a photograph of the Music City Center building. The building is a large, curved structure with a prominent copper-colored facade. It features several large glass windows and a modern architectural design. The sky is a clear, light blue, and the overall scene is captured during the day. The building's curved form and the warm tones of the copper facade are the primary visual elements.

Sustainability Standards

Music City Center is committed to sustainability. We prioritize our commitment through the following initiatives.

LEED Gold Certification signifies MCC reduces stress on the environment by being more energy efficient.

A four-acre green roof absorbs heat, insulates the facility, reduces air pollution, and provides a natural habitat for plants, insects, and wildlife.

A 360,000-gallon cistern collects stormwater runoff, providing reusable, non-potable water and reducing municipal water usage by 51%.

An array of 845 solar panels generates as much as 271,000 kWh of renewal energy annually.

Honeybees in four hives produce on average more than 100 pounds of honey each year, while also providing vital pollination.

Waste is reduced by recycling paper, plastic, and aluminum products, as well as pallets, printer cartridges, and grease. Food waste is also composted.

As a Get Food Smart TN member, MCC acts as a resource to others interested in food waste reduction, recovery, and diversion.

As a Pick Tennessee Products partner, MCC offers food and beverages made with regionally and locally farmed products.

Become a Green Partner

Join us in reducing our environmental impact. Music City Center provides the following services* to help make your event green.

Digital Signage	Waste Reduction	Recycling	Donations
<p>Minimize printed materials by going digital.</p> <p>Displays</p> <ul style="list-style-type: none"> - Exhibit Hall Dormers - Corner Wraps - Video Walls - Marquees - Wayfinding Pods - Room Boards 	<p>Divert food waste by donating meals or composting scraps.</p> <p>Acceptable Items</p> <ul style="list-style-type: none"> - Nonperishable Items - Leftover Meals <p>Unacceptable Items</p> <ul style="list-style-type: none"> - Kitchen Waste - Leftover Food - Disposable Tableware 	<p>Reduce trash by recycling discarded materials.</p> <p>Acceptable Items</p> <ul style="list-style-type: none"> - Paper - Cardboard - Aluminum - Tin - Plastics #1-7 <p>Unacceptable Items</p> <ul style="list-style-type: none"> - Glass - Foam Core - Styrofoam - Garbage Bags - Wood - Metal - Rock - Brick 	<p>Help the local community by donating excess materials.</p> <p>Acceptable Items</p> <ul style="list-style-type: none"> - Tote Bags / Backpacks - Giveaways - School / Office Supplies - Clothing - Unused Water Bottles - Furniture - Home Goods - Art / Craft Supplies <p>Unacceptable Items</p> <ul style="list-style-type: none"> - Quantities that exceed capacity - Items not easily donated

Food & Beverage

Music City Center strives to create an authentic Nashville dining experience for every guest. Menus are customized based on event, style, and budget, as well as dietary needs. Our executive chef and his talented team plan and prepare meals inspired by seasonal produce, local flavor, and culinary trends. From casual to fine dining, every meal is plated to perfection.

Sustainability is a priority in our kitchen. Ingredients are regionally and locally sourced. Food waste is reduced by donating leftover food, composting food scraps, and recycling cooking oil. Additionally, food service items are

either compostable, reusable, or recyclable. Our commitment to these sustainability initiatives reduces our environmental impact, while also allowing us to support our community and better serve our guests.

Catering services include social meals, receptions, exhibitor/booth catering, and retail cart concessions. For more information, please contact **Catering Sales** at (615) 401-1360.

Notes:
