Quick Facts

Meeting rooms: 61

Davidson Ballroom:
17,900 sq. ft.
Ceiling Height 20'

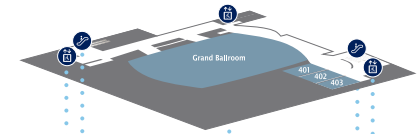

Exhibit Hall:
353,143 sq. ft.
Subdivided into 4 halls
(Hall A subdivided into 2 parts)
32'6" Rigging Height

Karl F. Dean Grand Ballroom:
57,500 sq. ft.
Stage: 78'W x 30'D
Stage Opening: 58'
Ceiling Height: 40'

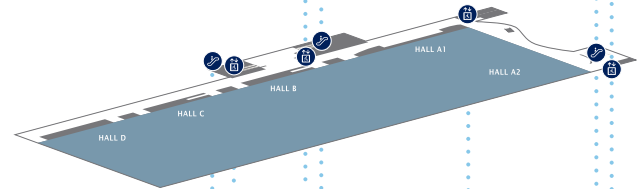

Terraces:
Level 1: 19,000 sq. ft.
Level 3: 9,200 sq. ft.

NOTE:
Music City Center will implement best practices to prepare for, respond to and recover from outbreaks and pandemics as a GBAC STAR™ facility.

Food & Beverage

The Music City Center strives to create an authentic dining experience through its ongoing commitment to using regionally and locally sourced products and recipes. Our chef and his talented team allow clients to customize menus based on their dietary needs. We are committed providing every guest a memorable dining experience through our fresh, culinary creations.

Our kitchen prioritizes sustainability by minimizing environmental impact through its composting and recycling initiatives. Food waste is composted rather than being wasted in a landfill. Through MCC's food donation program, we help the vulnerable in our community by providing leftover meals to the Nashville Rescue Mission.

Our catering team offers social meals, receptions, exhibitor/booth catering and retail cart concessions. For more information, please contact **Catering Sales** at 615-401-1360.

Music City Center, a LEED Gold certified building, prioritizes sustainability in its day-to-day operations, engaging with our team, partners, community and clients. Our robust sustainability program includes rainwater collection, recycling, strategic partnership and energy conservation initiatives.

The building features a four-acre green roof which collects rainwater into a 360,000-gallon cistern. The water is utilized within toilets, urinals and irrigates outdoor landscaping, reducing our need for city-supplied water.

The roof also has 845 solar panels and is home to four beehives, which provide honey to the kitchen last year.

We strive to be a strong community partner through donations and outreach programs. We donate leftover items and food to local non-profit partners, including the Nashville Rescue Mission. Additionally, we utilize digital signage, which is available to events for marketing, to minimize environmental impact.

We support small, minority and women owned businesses through our Diversity Business Enterprise program. This includes seminars throughout the year, which offer procurement tips as well as information on doing business with MCC.

Are you interested in advancing sustainability throughout your event? If so, consider becoming a Green Partner.

The Green Partner program is available to events who participate in recycling, food and item donations and utilization of Music City Center's digital signage.

Recognition is received on MCC's sustainability wall during the event where the company logo is displayed as being a Green Partner as well as promotion on social media and marketing materials.

The program is managed by our in-house sustainability coordinator who can be reached at (615) 401-1420. Please visit www.nashvillemusiccitycenter.com/about/sustainability for more information.
