

To: All Prospective Bidders
From: Purchasing Department
Date: May 8, 2019
Subject: Inquiries and Responses
RFP#: 104-2019 Project Management Services for the Music City Center

Inquiries and Responses:

1. Regarding the statement to receive cancelled checks of payment to the DBE, is that required in a form for contract compliance reporting or is it suggesting to just give your office only cancelled checks?
This will be in the form of contract compliance reporting.
2. If a professional subconsultant is on our team, will this exclude them from being a part of a design team when a project is advertised?
Yes. Any subconsultants that are identified as a member of the project management team will not be eligible to bid or engage as subconsultant on any future projects for the duration of the contract.
