Subject: Inquiries and Responses

ITB #107-2019: Boneyard Canopy and Dock Breezeway Inquires and Responses

**Inquiries and Responses:**

1.) On page 4 - Contractor's Responsibilities - it states Contractor will have (14) days after being awarded to start and completion will be before October 15th, 2019. **Upon discussion with the manufacturer's rep it will take at minimum two to three weeks to receive shop drawings for your approval upon Notice to Proceed, once the plans have been reviewed and approved by MCC the product will go into production and once product received installation will begin. We suggest that this process will take 14 to 16 weeks respectively.**

**Contractor will have until December 31, 2019 to complete this project.**
