Project Management & Development

July 20th, 2010

Mr. Justin P. Wilson Comptroller of The Treasury State Capitol Nashville. Tennessee 37243-1402

Dear Mr. Wilson:

Submitted herewith is the quarterly Music City Center Compliance Report for the period of April 1 to June 30th, 2010. This report includes project spending with minority and non-minority contractors, vendors, suppliers and professional service providers. It includes the procurement dollars spent and percentages for the 2nd quarter- CY- 2010 in the initial stages of construction of the convention center project. With final approval in late January behind us, site demolition, utility relocation and excavation nearly completed ending with the final building in the project foot print (Greyhound), our site preparation is nearly completed.

The 2nd quarter dollars paved the way for the Music City Center Project to build a solid foundation. Please, note that the majority of the spending reflected in this report is largely site preparation and final phase of architectural & engineering that will produce 100% drawings.

We have included in this report workforce data of the persons working on the project as the legislation requires. This information we will continue to collect throughout the construction phase of the project.

The Music City Center Compliance Report is being submitted as required in the format you see before you on a quarterly basis.

Thank you and your office for your assistance.

Sincerely.

Roxianne Bethune Diversity Business Enterprise Manager

We have in place monitors for good faith and outreach efforts performed by the contractors pursuing work on the convention center project.

Quarter 2nd CY 2010: The forecast of minority participation has increased in numbers and continues to improve. We expect the participation levels to continue with an upward trend. The 2^{nd} quarter construction phase of the project has a total of 16 minority contractors. Of that number all are local with the exception of 3 out of town contractors.

Project Management & Development

MCC Workforce Development Program

The MCC Workforce Development Program launched on July 6, 2010. The program is designed to assist skilled and unskilled individuals with employment opportunities with the Music City Center. Mayor Karl Dean, Councilman Lonnell Matthews, Councilwoman Edith Langster, Councilman Jerry Maynard and Convention Center Authority board member Vonda McDaniel made the creation of local jobs a high priority for this project. The MCC project management and construction management teams are committed to fulfilling that goal. The program does not hire directly. It facilitates connecting MCC subcontractors with local individuals in search of construction-related employment opportunities with the Music City Center
